7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)

Please see attached.

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

1.38 acres located in the S½ NE¼ NE¼ of Section 5, T20S, R53E, M.D.M. The acreage being removed is described on that certain Map to Accompany Proof of Beneficial Use under Permit 46808 on file with the Division of Water Resources. The exact areas to be stripped on said map are labeled as "F" Ash Trees 0.1814 acres and "H" Black Locust Trees 1.1938 acres.

9. Proposed use will be from January 1st to December 31st of each year.
Month and Day Month and Day

10. Existing use permitted from January 1st to December 31st of each year.
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

Well, casing, pump and irrigation lines.

12. Estimated cost of works \$25,000

13. Estimated time required to construct works Two Years

If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use Five Years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

A farming operation on the Pechstein Ranch in Pahrump, Nevada. Two existing pivots are present with a series of wells and distribution system. The change sought herein is for water rights to be utilized at a annual duty of 5 af/acre on the existing pivot in Section 5. Water under this application shall receive credit for beneficial use prior to any credit for beneficial use given to other permits appurtenant to the place of use that exceed the annual duty of 5 af/acre of this application.

STATE ENGINEERS OFFICE

Application to change Permit 46808, Certificate 13732 Supplemental Information:**Question 7; Proposed Place of Use:**

A total of 1.38 acres to be irrigated at an annual duty of 5 af/acre being located generally in the "middle ring" of the existing pivot in the SE¼ of Section 5, T20S, R53E, M.D.M. being the innermost circle of the existing pivot, further described as follows:

Section	Qt. Qt.	Acres
5	NW SE	0.34
	NE SE	0.35
	SW SE	0.33
	SE SE	0.36
Total =		1.38

Please refer to maps being filed concurrently with this application.

Question #16, Miscellaneous Remarks:

This application is being submitted in conjunction with change applications for supplemental Permits 13958, 13959, 14458, 46808 and 68981.

Priority of beneficial use: Water under this application shall receive credit for beneficial use prior to any credit for beneficial use given to other permits appurtenant to the place of use that exceed the 5 af/acre annual duty of this application.

Further Information: Please see the attached cover letter from the Law Office of Chris Vero, Chartered for a more comprehensive explanation of all of the change applications being submitted at this time for the Pechstein Ranch.
